Footnote:
(1) "Crystal Revolution" is spoken of in 14 of these messages; the first time being in July 2005. This is "how" this school works, don't you see? The instructions OF the course are IN the very course itself, which THESE WORDS ARE; doing, bringing about, justice now, to the "educational" system of me. I am educating "me" to be me, thusly.
And amen to all who can see it, this now; how i'm "working" to "revitalize" me; re-emaciating me never again; but hydrating my body with my word i am now. Forever be "instilled" in me, not; i in you, were. And forevermore we're one. And now know, how This School Works, university'ing me not a man's mind of, made up, of "electrons" not; or am I? Corrected now, and never needing "grades" of another again. To "superfluous" me, not; but one who rises above all to rise all above him, not; but one rises a School of Me to rise all to'in the School of Me to rise'raise me perfectly, surrendered to all in all, to be all in all, now one's "found", and born birthed again, showing all how to be, my School does now.
Amen.
